VERSE 1

A5 **C5**
All the pretty girls in the foreground of my mind
A5 **C5**
I thought I'd done enough, but they keep moving the line
F5 **C5**
I thought I'd found the antidote this time
F5 **C5**
I thought I'd found the antidote this time

VERSE 2

A5 **C5**
All the nights I spent fighting bad thoughts in my room
A5 **C5**
Feeling so alone, might as well be on the moon
F5 **C5**
I thought I'd found the antidote with you
F5 **C5**
I thought I'd found the antidote with you

CHORUS

D5 **F5**
But my head is full of poison, and my heart is full of doubt
C5 **G5**
I got toxins in my bloodstream, you tried hard to suck 'em out
D5 **F5**
And it feels like medication, and it's good for me, I'm sure
C5 **G5**
But it don't matter how your love feels anymore
D5 F5
It'll never be the cure
C5 G5
It'll never be the cure

VERSE 3

```
  A5                                                  C5
I used to play a game in my head when I'd date a guy
A5                                                    C5
Tally up the girls that he fucked 'til I start to cry
                         F5                 C5
I thought I'd found the antidote this time
                         F5              C5
I thought I'd found the antidote this time
```

I got toxins in my bloodstream, you tried hard to suck 'em out
       D5                                  F5
And it feels like medication, and it's good for me, I'm sure

It'll never be the cure

It'll never be the cure, oh
